

## **Homework guidelines**

Please note that this is only a guideline; and that time will vary depending on projects, tests, end of term, school breaks as well as individual academic strengths. Homework assigned on weekends and holidays can vary and be flexible, depending on the teacher and grade level.

The French or English reading assignment is included in the time allotment at all levels. Helping a student to form good reading habits requires support from home. Studies have shown that reading to or with a student of any age significantly benefits the student's reading development.

### **Kindergarten :**
