Report Card: How Results Are Determined

Term 1: 20% of the Final Mark	Term 2: 20% of the Final Mark	Term 3: 60% of the Final Mark	Final Mark
For Terms 1 and 2, the teacher enters a percentage mark that reflects the knowledge and competencies that a student has acquired during the term (tests, assignments, projects, etc.). In the case of English Language Arts, Mathematics and French, Second Language, a Subject Mark is calculated based on the weightings assigned to the subject-specific competencies established by MEQ (see <i>subject table on the first page</i>). MEQ = Ministère de l'Éducation du Québec		For the 3rd Term, the teacher enters a percentage mark that covers the student's learning for the term and where applicable, for the year, including any compulsory Board or MEQ exams.	The Final Mark is calculated using the results of the three weighted terms (20%, 20%, 60%). <i>In Grade 6 English Language Arts & Math, the MEQ exam counts for 20% of the final mark.</i>
