

School Supply Shopping Made Easy!

Westpark Home & School has teamed up with Schoolstart.ca again for next year to help make school supply shopping a breeze. You can order exactly what your child needs for the first day of school, quickly and securely on-line, without having to fight crowds and busy stores. You will have the option to purchase just about all items on the school supply lists, and if you have items from previous years, you will be able to select just the items that you need. The kits will be delivered to school for pick up in time for the first day of class, or can be shipped directly to your home (for a small additional fee). Enjoy your summer, don't fight the crowds or scramble around at the last minute. You may also buy any additional supplies you need for your home or office at the same time. Pricing is competitive, and a percentage of each kit ordered comes back to our Home & School Association.

Ordering is now open at www.schoolstart.ca!

Orders must be in by August 2nd to make the school delivery bulk shipment. Late orders will be accepted at any time and shipped to your home (for an additional fee) after August 2.

To place your order, visit www.schoolstart.ca, click on "parents shop here", then click on "purchase school supply kits", choose the province, city, and school, and then click the link to select the kit(s) based on the grade level your child is entering in the fall of 2024.

You will have the option to select the full list, or pick and choose just the items you need.
